

# CAIRO- DURHAM ROTARY CLUB

THANK YOU  
FOR MAKING A  
DIFFERENCE

## ABOUT US

We are a local service club that is working to better our community through impactful projects that make a difference in the Cairo-Durham community. Recently we fundraised \$20,000 to bring life saving medical equipment to our EMS providers in the area. This year our focus is on education and the youth. As a club we are working to take students on the first service trip to Costa Rica where they will help build a community center and school for children/ young adults in need.

Along with this project we are raising money to provide gifts for children in need during the holidays, here in own community. Projects also like the show closet and backpack program and sponsored through the Rotary club.

All donations and support is greatly appreciated. If you have any questions please reach out to our President- Beau Loendorf or our Fundraising Chair- Jennifer DeDeFrancesco

## HOW TO HELP?

### Buy a sponsorship in our Business/ Community Directory

On the next page we are selling sponsorships for our new Business Directory that will be delivered to businesses around the area, Air B'n'B's, Schools, and governmental agencies. All the funds go to support the projects we are doing, as well as- helps you market your business.

### Provide items for a raffle basket

Throughout the year we host 50/50 raffles or gift baskets to raffle off as another source of fundraising. Any items donated will be placed in a basket to be part of our next event.

### Sponsor the Costa Rica service trip T-Shirt

Many of our students are going to fundraise themselves to raise money for this experience. As a business we are looking for a few companies who are willing to give \$350 or more to help create a scholarship for those students who need some financial support on their trip.

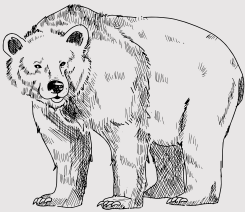

By doing so, you will be sponsored on our service trip T-shirt and recognized on our Thank You banner in Costa Rica. If we get 10 companies- we will be able to provide some support to each student who is taking their spring break to make a difference in our world.
